

FREEDOM MICRO UM

Freedom Micro UM™ is the newest configuration within the Freedom Micro product line. The 'UM' stands for under-mount, and was designed as an above and below the counter solution where a minimum thru-hole is required.

FREEDOM MICRO UM

Freedom Micro UM™ has all the great standard features as Freedom Micro™ such as: 'Quick-Release' for easy re-merchandising and '1:1 security' where the screamer is attached to the device. Freedom Micro UM utilizes our CarbonTether™ for increased security and is the perfect solution for customers looking for an ultra-low profile mobile device display that is easy to install and maintain while providing the best shopping experience possible.

KEY FEATURES AND BENEFITS

Complete Merchandising Flexibility

- 'Quick Release' feature for fast and easy re-merchandising
- Innovative spin-and-secure design keeps device in place
- Small, Self-contained System (Security, Power, Alarm) Minimizes Cables and Clutter

Most Secure Under-Mount System Available

- MTI's highest rip-out force via cut-resistant CarbonTether™
- Electronic Alarm Constantly Attached to Device for 1:1 Security
- Multiple alarm points for maximum loss prevention

Unified Store Design

- Industrial design integrates with the standard Freedom Micro and Mechanical Freedom Micro solutions
- Single Intelikey Switch Module (ISM) that arms and dis-arms the entire Freedom Micro line
